

TRIXY LEUNG

Spatial Designer

MISSION AND VISION

Creative, enthusiastic and self-driven spatial designer, with a mission to enhance and enrich user experience and intertwine with the space they are in. I am also a quick learner, and will take the initiative for continuous learning and exploring various approaches and skills to further my contribution in design projects. The roles taken in university was most rewarding, as it strengthened my project management skills covering task coordination, time management and execution. The vision I see for spatial design, is one that has bright growing potential as more and more people have increased awareness and expectations for a quality environment in everyday life that not only embodies creativity, but also be green and sustainable. Practicality and aesthetic will be balanced to provide the most effective use of the available space, with sustainability in mind not only as a growing trend but a necessity.

WORK AND LEADERSHIP EXPERIENCE

Maxzara UK Ltd. <i>Business Development Manager</i> Heavily involved in the UI and UX design and launch of several new e-commerce platforms, designing the overseas office in China, graphic design for various posters and advertising material, all while contacting architecture and interior design firms to promote and sell our products and service.	December 2019 - July 2021
Freelance Higham House Apartment (London) <i>Project Manager</i> My job consisted of creating floor plans for the client while providing suggestions for various design aspects and liaised between London and the client in Hong Kong. Also managed and supervised multiple contractors as well as the property management team.	July - September 2019
Spatial Design Degree Show <i>Coordinator and Designer</i> As one of the 2 coordinators for the successful BA (Hons) Spatial Design Degree Show that took place in London College of Communication, I was involved from the initial sketches to the final construction which included designing, planning, sourcing and project management.	July 2019
London College of Communication <i>Spatial Designer</i> Specially chosen to participate in an interdisciplinary team to redesign one of the staff rooms in the college. Worked closely with the Dean of Design as the client, and was responsible for making technical drawings, sourcing, and presenting our collective ideas.	March - September 2019
Solari Design, Hong Kong [Interior Design Firm] <i>Internship</i> In charge of creating, preparing, and managing the company's professional portfolio for client perusal. Also contributed to on-going projects by editing final visuals and creating mood boards that would later be presented to the clients.	September 2017 August - September 2016 July - August 2015
